Re: Monaco Construction Group Ltd

In 2008 I had the pleasure of working with Sam Mastromonaco and Monaco Construction Group Ltd on a three floor multi-million dollar interior construction project in a new office tower in downtown Calgary.

I was very pleased with Sam and his team's professionalism and dedication to seeing the projects completed on time and on budget. There were few problems during the project and those that did arise were handled quickly and fairly for both the landlord and the trades.

I would not hesitate to recommend Monaco Construction Group Ltd for any project.

Ron Fiell
General Manager, Calgary
